Taxes Up \$514,000 In Area Townships

Venice, Nameoki and Chouteau Taxpayers Bill is \$4.9 Million

Venice, Nameoki and Chouteau township taxpayers will be billed for a total of \$4,938,386 in 1966 taxes, an increase of \$514,000 over total tax extensions of last year, according to tax collectors' completed for the three townships by the office of Miss Eulalia Hotz, Madison county clerk.

At the same time Miss Hotz announced completion of town collectors books for all Madison county townships and the extension of county-wide taxes aggregating \$36,833,312. The figure includes delinquent taxes uncollected from last year and road tax extensions which are collected only through the county treasurer's office.

The \$36,833,312 county-wide tax extension is an increase of \$729,598 over the \$33,205,714 in 1965 taxes for all purposes extended by the clerk's office for all Madison county taxing agencies a year ago. Taxes for the 1966 year will be collected this summer. Virtually all of the tax books are now in the town collectors' hands for preparation of tax bills, a job that customarily takes from a month to six weeks.

Township Breakdown
The new tax extension for Venice township totals \$2,787,152, up \$287,145 over the \$2,500,007 extension for the 1965 tax year. Nameoki taxpayers will be charged with payment of a total of \$1,262,270, payable this year, an increase of \$155,065 over last year's \$1,107,205 extension.

Chouteau township is charged with collection of \$909,164 in 1966 taxes, compared to a total bill of \$818,964, up \$90,200.

Tax books for Granite City were completed early in April and have been turned over to the county treasurer E. R. "Pat" Rich for collection of a total of \$7,272,795 in 1966 taxes.

Of the county-wide tax extension of more than \$36 millions, \$2,077,919 would go to the county's 15 school districts, \$4,777,616 would go to cities and villages, \$2,868,028 to the county, \$2,244,300 to townships and road and bridge purposes, \$1,037,635 to sanitary districts, \$461,089 to park districts, \$354,915 to the Wood River township, \$238,941 to fire protection districts, \$139,771 to Civic Memorial, \$100,000 to the Wood River Levee and Drainage district, \$43,870 to dog tax and \$41,411 to street lighting districts. Total delinquent tax amounts to \$1,880,709.

Holdup in GC; \$300 Burglary And Safecracking in Madison

An armed robbery at a Granite City bar and restaurant and two burglaries in Madison, one of which netted the thieves \$300 in cash, were among area crimes during the weekend here.

A \$232 pickup was staged at 12:30 a.m. Saturday in Cline's Restaurant-Bar by a lone bandit who had been in the tavern drinking with two other men. Left with them and then returned, complaining that the others had "ditched him."

Eurba Cline, proprietor, said the man was acting in a strange manner when he returned and he refused to serve him another drink. The man then asked Cline to give him three cans of beer to go. He decided to drink one can there, and Cline refused to open it.

The man, about 30-35, and wearing a flowered sport shirt, then pulled a gun from his pocket and told Cline to empty the cash register into the sack with

the beer. He ordered Cline to put in only the currency. When he saw the small amount, the bandit told Cline, "You can do better than that and don't try any funny stuff."

He told Cline, "I'm not mean, but I will kill you."

Cline put in a \$5 bill and 18 \$1 bills—all that was in the register—and the man fled out the building onto State street and disappeared.

While the stickup was in progress, a waiter was left alone in the bar. The waiter was not hurt.

Burglars Get \$300
A bag containing \$300 in currency and coins and an undetermined amount of merchandise was taken by burglars from the Madison Liquor Store, 327 Madison avenue, Madison, yesterday.

Will Many Vote? Have They Enough Data?

(Sixth of seven articles)
(Related story on Page 10)
Granite City residents are being asked to vote in a special election to elect a mayor and council members. The election is being held on Saturday, May 6, at 6 p.m.

Key questions as election week begins are: Will a large number of people vote? Have they had enough data to make a choice?

Council members and other officials are encouraging a large turnout. Only if a big number of voters participate will there be assurance that the result is the one desired by most Granite Cityans.

Equally as important as the turnout is whether there is informed voting—whether those going to the polls have had all chance to become familiar with all aspects of the proposal.

Study Shows Plan Sound
Granite Cityans For Better Sewers, headed by William L. Harris and William B. Webb Jr., are convinced that the vote will be a resounding "Yes" for better sewers if enough people find time to study the plan and also have time Saturday to vote for an absentee ballot this week.

The "it" is a key word, however, for there is much competition for citizens' time. This week end will be one of the busiest in local history, and special elections generally attract smaller turnouts than regular elections.

"The program is so essential and such a bargain for Granite Cityans can do them selves a big favor by voting."

Pontoon Board Concerned Over Lake Pollution

Inadequate drainage in areas adjacent to Long Lake and a reported increase in the volume of the lake water were major topics of Thursday evening's meeting of the Pontoon Beach village trustees. About 30 residents were present at the fire hall for the reorganization session.

Mayor Thomas Staicoff, who started his second four-year term as mayor, told those in attendance that action will be taken against homeowners who cause the pollution.

Dr. Dean Rochester, a newly-elected trustee, suggested use of color chemicals to trace the suspected sources of pollution.

"Some residents may be unaware they are polluting the water," he said.

The board was urged by a member of the audience to force homeowners to block overflow channels and lines leading to the lake. Staicoff pointed out that a health ordinance was adopted in February 1966 which calls for a fine up to \$100 for polluting the lake. It was noted the law has not been enforced.

Refuse in Ditches
Complaints also were made concerning the dumping of refuse in ditches and fields. Roger Hughes, 54, of 2516 Circle drive, was hospitalized with chest injuries in a two-car collision at 23rd street and Delmar avenue. Police said the other driver, Helen Davis, 2130 Johnson road, was going north. She was charged with failure to yield right-of-way after making a stop. Hughes was traveling west.

She was taken to St. Elizabeth Hospital by ambulance. Police said the bus driver was William Moes of Belleville.

The second mishap was reported at 8 p.m. when George St. Clair, 51, of 1848 State street, was injured from a bus at 19th and State streets. He also was taken to the hospital by ambulance.

Army Commission For L. E. Thompson

Second Lt. Lester E. Thompson jr., a son of Mr. and Mrs. Lester E. Thompson sr., 3250 Westchester drive, received his commission last week at Fort Sill, Okla., where he was graduated from Officer Candidate School. He will be stationed at Fort Knox, Ky., where he will be working with self propelled guns. Lt. Thompson will be accompanied to his new post by his wife, Diane, and his son. A graduate of the Granite City high school, he entered the Army in March 1966.

Pontoon Board

Mrs. Nancy Rosales was installed as village clerk and Dr. Rechter and Roswell Bennett jr. as new trustees. New terms also started for Mayor Staicoff and members of the Police Board. Holdover trustees are Otto Kreher, Richard Jones and Donald McNew. Staicoff said a special meeting was held Wednesday evening to canvass the vote. Board members unanimously confirmed the reappointments of Clarence Hudgens, building inspector; Mrs. Ruth Norton, treasurer; William A. Schooley, Snider, humane officer.

Chief Appointment Pending
Trustee Kreher dissented on the appointment of Edw. Jellment as police chief. Staicoff said the appointment of Jellment would be on a temporary basis until members of the Police committee recommended the appointment be made permanent.

Kreher gave no reason for his stand, but indicated he would make his objections to the appointment. There was no dissent among the six-man volunteer department last year which resulted in the resignation of Village Marshall Douglas Harvey last January.

Staicoff announced appointment of the following committee chairmen for 1967-68: Otto Kreher, ordinances; Roswell Bennett jr., streets; Richard Jones, finance; Tony T. Jackson, police; Dr. Dean Roche, health; and Donald McNew, a newly-created civic improvement committee.

Light Near Diamond
In other action, trustees authorized installation of a street light adjacent to the Cummings Park baseball diamond, near Park lane and Lake drive, to retain the services of an accountant to audit the village financial records; and to purchase a "stun-gun" at a cost of \$200 for use of the village humane officer.

Balances of \$11,229 in the general account and \$9355 in the motor fuel tax account were reported.

Ted Jacobs, operator of a service station at Highway 111 and 162, suggested the board include in its budget appropriation this year, cost of a new automobile for the police department. He said the vehicle now used by the men was in poor condition. Jacobs also asked the trustees to consider revising a village statute that prohibits taverns opening prior to noon Sunday. He said he was making the request due to residents spending their money in other taverns, rather than with the village, rather than with the village.

Expansion of Hospital's Physical Therapy Dept. Essential

The Physical Therapy Department of St. Elizabeth Hospital—a department considered by many hospital experts as one of the most vital important—was described by Dr. J. J. Ambrose Rourke, a hospital consultant, as an "underrated makeshift arrangement."

"The current hospital expansion and modernization campaign will enable us to move and enlarge the Physical Therapy Department to make it a more functional unit, and to add badly needed equipment," Lyle F. Gulley and Delancey J. Davis, co-chairman of the drive, said today. Gulley is executive vice-president of Granite City Steel Co. and Davis is president of the Castings Divisions of General Steel Industries.

The expansion and modernization program is to be financed by a campaign for \$1,000,000-\$1,500,000 which is now under way.

Dr. Rourke's report pointed out that the present overcrowded conditions and poorly located treatment units do not allow the Physical Therapy Department to operate in the most efficient manner.

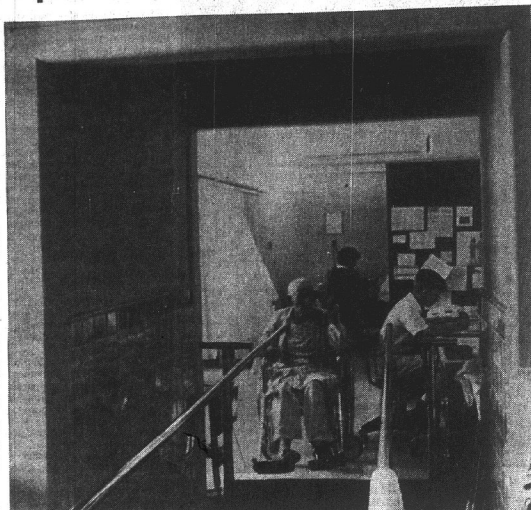

The lack of space is becoming more apparent as the department is called upon to provide services for a continually growing number of patients each year.

Only 6 Years Old

The Physical Therapy Department was started at St. Elizabeth Hospital less than six years ago. But already the number of patient visits has almost doubled. The department is now averaging over 40 patient visits a day.

"We are simply going to have to expand and provide more equipment if we hope to meet the rapidly growing demand for this type of service," the drive chairman noted.

"The Physical Therapy Department provides special corrective programs for a wide variety of ages and medical problems. A physical therapist can train parents to give corrective exercises to an infant with a deformity or a birth defect, or

teach a senior citizen with a broken hip how to walk with the assistance of a cane or a crutch.

"The work of this department in correcting a medical problem, rehabilitating patients, and getting them back on their feet, to their job or back to their normal life is nothing short of amazing. But we are going to have to provide them more space and additional equipment if we

expect them to continue to operate at a first-rate program.

Modern Facilities Planned

"A successful fund raising drive will enable the hospital to provide for the people of this community one of the most modern physical therapy units in the entire area. The expanded facilities and the new equipment will allow the department to treat more people more effec-

tly.

"The new Physical Therapy Department is just one of the many vital projects included in the expansion and modernization campaign.

"The kick-off for the general phase of the campaign is scheduled for tomorrow. We hope the entire community will get behind this drive and help make it a success," Davis and Gulley said.

Miss Bonny Hasty Becomes Bride of James J. Wallace

Pink and white floral arrangements and greenery on the altar, branched candelabra and a kneeling bench provided the setting Saturday evening for the wedding at Nimeski Methodist Church of Miss Bonny Hasty, a daughter of Mr. and Mrs. Steve W. Hasty, 22 Nassau street, and James J. Wallace, whose parents are Mr. and Mrs. James L. Wallace, 2715 Iowa street.

The ceremony was performed at 7 o'clock by the pastor, Rev. Frank Pierce, and a reception was held afterward at the church.

Mrs. Rose Young presided at the organ and accompanied the vocalist, Mrs. June Branding, as she sang "The Lord's Prayer," "Thy Ring On My Finger" and "The Wedding Prayer."

White satin bows marked the family pews. The bride was escorted through the white-carpeted aisle by her father who gave her in marriage.

She wore a gown of white silk organza styled with a modest bodice and a scoop neckline scalloped and edged with hand finished Chantelle medallions etched with seed pearls. The bodice continued into a controlled sheath skirt which featured a cascade design of lace intermingled with pearls and crystal bugle beads to form delicate loops.

The wide-sweep chapel train was secured at the back of the squared neckline and topped with a bow. Rows of lace medallions traced with crystals formed a panel on the train. A petaled headpiece secured a tiered bouffant veil of imported silk illusion and the bride carried a cascade of white pom daisies and ivy centered with a white orchid corsage.

Mrs. David Soror was matron of honor for her sister, and Mrs. Jerry Davis, an aunt, and Mrs.

Glenn Sprankle were bridesmaids.

They wore identical gowns with white cotton lace bodices and pale pink crepe sheath skirts. The brides had rounded necklines and cap sleeves and the floor length skirts featured panel trains attached at the necklines with bows.

Headpieces were pink cabbage roses to which were attached bouffant veils. All three carried diamond shaped cascades of pink daisies.

Dana Harris and Jeff Davis, the bride's niece and nephew, served as flower girl and ring bearer. The former, in a long dress of white lace and silk organza over pink taffeta with a train, wore a halo of pink sweetheart roses and carried a basket of rose petals.

James Bucatch was best man, and the list of groomsmen and ushers included Jerry Roderick, Tim Wallace, a brother of the bridegroom, William Harris, the bride's uncle, Joe Wallace, another brother of the bridegroom, John Danco and James McKeehan.

For her daughter's wedding Mrs. Hasty chose a street length mint green sheath dress over which was worn a full length matching coat of shantung and green accessories. The bridegroom's mother wore a white and green flowered two-piece dress and white accessories. Both had white orchid corsages.

The bride and groom are graduates of the local high school and the bride is employed in the sales department of Granite City Steel Co. Mr. Wallace, who served four years in the U.S. Navy, is an employee of International Harvester Co., in St. Louis.

The newlyweds left after the reception for a brief honeymoon trip.

The guest book was presided over by the bridegroom's sister, Miss Mollie Wallace.

Among the out-of-town guests here for the wedding and reception were the bride's grandparents, Mr. and Mrs. William Harris of Patton, Mo.

A rehearsal dinner was given Friday evening in the Red Room of the Travelodge Motel by the bridegroom's parents.

MRS. JAMES J. WALLACE, (Bonny Hasty) a daughter of Mr. and Mrs. Steve W. Hasty, 22 Nassau street, who was married Saturday evening at the Nimeski Methodist Church.

She is a member of Sigma Kappa social sorority; captain of the varsity cheerleaders; a member of the Modern Dance Club; WAA; WPEC; English Club; and is listed in "Who's Who Among Students in American Colleges and Universities."

The Warrior tennis team remains undefeated after capturing a partially rained out meet at Jacksonville Saturday. Six singles wins were scored before the rain fell.

John VanBuskirk defeated Jacksonville's Dick Herrin 6-0, Norman Pogmaroff won over Chip Sutphen 6-3, 6-2 and Bob Malottki downed Willy Coulton 6-1, 6-1.

Louis Mehl then stopped Jacksonville's George Hardesty 6-2, Keith Nagy beat John Bellatti 6-2, 6-3 and Jim Carille defeated Jacksonville's Bill Sullivan 7-5, 6-4.

5 Tons of Whiting For GC Ball Fields

Chalk whiting used by the Granite City park district to mark ball diamonds and flag football fields amounts to nearly 7000 pounds a year, according to Park Supt. Harold Brown.

The non-toxic material this year is to be purchased jointly with the school district, and the total order will be for about five tons. With the larger purchase order, there will be a savings of \$132 a ton, Brown said today.

Of the five tons, the park district will get 3½ tons and the school district 1½ tons.

East Alton Wins, Other Inter-City Fields Muddy

Four of five Inter-City Baseball League games slated for Sunday were postponed due to muddy playing fields.

Among them were Wilson Park City Steel Credit Union and Sacred Heart-East St. Louis.

The only game played was in the Blue Division, with East Alton blanking the Collinsville Utes 5-0 at East Alton. Larry Belin was the winning pitcher, fanning 16 batters.

GC 8th in 24-Team Relays at Centralia

After finishing sixth in the Southwestern Conference meet Friday, the Warrior track squad placed eighth in Centralia relays Saturday.

Lincoln of East St. Louis was first with 63½ points and Danville was second with 58 points. Granite City tallied 15 points.

Two top runners, Dave Mullinex, hurdles, and Joe Pashea, distance, will be lost for the rest of the season because of injuries sustained at the meets.

Mullinex pulled a hip muscle at the conference meet and Pashea sustained a pulled foot tendon at Centralia.

The Warriors totaled two fifth places, a fourth, and third and an individual fifth place at Centralia. The team of Dave Lomax, Gus Schalkham, Tom Niebur and Richard Hall finished fifth in the two-mile relay. In the distance medley, Hull, Lomax, Richard Asadorian and Joe Bodi were fifth.

The GCHS sprint medley team of Joe Pashea, Carl McDowell, Bill Davis and Jim Jones ran fourth.

Keith Gauen, Dave McDowell and Jones were third in the 880-yard relay. Gauen was fifth in the long jump with a leap of 18 feet, 4½ inches.

Twenty-four teams competed at Centralia despite wind and rain.

FLAG WAVING Bill Meyers, Wood River, takes the victory lap after winning the super modified-sprint Feature race at the Tri-City Speedway opener Friday night.

Meyers Top Driver at Auto Speedway Opener

A record crowd and a large field of super-modified-sprint cars were on hand for the 1967 season opener Friday night at Tri-City Speedway.

Many of the top midwestern drivers participated in the competition, which saw 1964 Tri-City Speedway champion Bill Meyers, Wood River, "clean house" by setting the fast time, winning the handicap event, and taking top honors in the feature race.

Meyers started on the outside of the third row, working his way through the traffic. On the 12th lap he passed the leader, Jim Moughan of Springfield, to gain the lead.

Bill Utz of Sedalia, Mo., passed Meyers for the next four laps only to be caught in traffic in the late laps of the feature, Utz then was passed by Moughan.

Only mishaps of the evening came in the second lap of the second and fourth heat races. In the second heat, Tom Corbin of Carrollton, Mo., hit the outer guard rail in the second turn, sidelining him for the rest of the night with front end auto problems.

The fourth heat mishap involved two cars. Bill Baker of Hannibal, Mo., struck the outer rail and flipped three times at the same point where Corbin hit the rail, and then Ronnie Taylor of Baker's machine and flipped once.

Trojans Rally To Tie, Then Lose by 8-5

Trojan hopes for a first baseball win were soured in the ninth inning of a Midwest Conference game here Friday when the Comanches broke a 5-5 tie to win 8-5.

The Comanches were ahead 5-3 in the seventh when Greg Wasyk's triple drove in Marti Campbell then was safe on error when the left-fielder dropped his drive.

Cahokia scored a run in the third, one in the fourth and three in the sixth.

The Trojan's first three runs were scored in the sixth inning when Wasyk singled, Bert Armour walked and Jim Scott was safe on an error. Dale Clinton singled, driving in Wasyk and Bob Scott, running for Armour.

Scott also scored on a wild throw the first made in an effort to retire Clinton.

Trojan pitcher Don Bunk started the game, giving up seven hits, walking two and fanning four. He was relieved in the sixth by Wasyk, who handcuffed the Comanches until the ninth. Three walks and two hits accounted for the final three Cahokia runs.

The Trojans had seven hits and five errors and Cahokia nine hits and five errors.

Warriors Bow To Riverview, E. St. Louis

The champion Granite City Warrior baseball team took a breather Saturday, omitting its usual weekend doubleheader, after losing home games 8-2 to East St. Louis Thursday and 4-0 to Riverview Gardens Friday.

Riverview will play at Collinsville today.

Steve Lengyel and Steve Conway managed the only hits for the Warriors against Riverview, singles in the third and fourth innings.

Conway's hit in the fourth loaded the bases, but the Warriors could not capitalize on the scoring opportunity. Another chance for the Warriors in the sixth, with the bases loaded and one out, but a run-producing hit failed to materialize.

Riverview Gardens scored one run in each of the fourth and fifth innings and two in the sixth.

Jim Becker opened on the mound for the Warriors and gave up four hits before being relieved by Lengyel in the sixth. Lengyel walked three, allowed four hits and fanned one batter.

Riverview Gardens made one error and Granite City two errors.

Home Run by Stuart

A home run in the seventh by Stuart, and a total of 16 Warriors hits were not enough to overcome the East St. Louis Flyers in Thursday's Southwest-

ern Conference game. Lengyel led with two singles, plus a run-scoring double in the seventh, when GCHS scored both its runs.

Jeff Jones pitched four innings for the Warriors, allowing three hits, a run in the second and two runs in the fourth, walking one and fanning five. Don Rains, who relieved Jones for two innings, walked three and gave up four hits and five runs in the sixth. He was relieved for the seventh inning by Ron Laws, who gave up one hit and struck out two.

GCHS committed two errors. "Our main problem now is our hitting, our team average has fallen to .230 with only one man batting in the .300's," Joe Fe-

do, Warrior coach, told the Press-Record. Paul Kacera leads the team with a .336 average.

"We have reversed our problem of the beginning of the season. Then we had bad pitching and great hitting; now it's just the opposite."

Rutledge Says Sewers Needed, Inexpensive

Fourth Ward Alderman Paul Rutledge is convinced that a "Yes" vote in Saturday's sewer election will benefit all Granite Cityans, he told the Press-Record today.

"Passage of the program is important in the Fourth Ward because it will provide sanitary sewers for the areas lacking them, such as North Granite, and because it will provide separation of stormwater and sanitary sewage."

"I have to keep a plug in my basement, and a lot of other people in this community do, too. Our old sewer system is inadequate and doesn't separate the sewage going to our treatment plant, resulting in the treatment costing us more."

"Somebody probably not very long from now, we're going to have to do it with federal help."

Registration in GC Park Pre-School Programs Begins

Registration started today for the Granite City park district's summer pre-school and kindergarten classes, Harold Brown, park superintendent, said.

Parents whose children plan to participate in the eight-week summer program are urged to enroll the youngsters as soon as possible by calling the park office at TR 7-3059, the park official said. He added that each class is limited to 35 children, who must reside within the Granite City park district boundaries. Those enrolled will be accepted on a first-come, first-serve basis.

Brown also reminded parents of children currently attending pre-school park district classes that further registration is required for the summer session, slated to start Monday, June 5.

Those who participate in pre-school classes for four-and-five-year-olds must reach their fourth birthday before June 1, Brown explained. Children enrolled in the kindergarten sessions, designed for six-year-olds, will have attended kindergarten at local elementary schools within the past year, the park official said.

Citizen Clean Air Unit To Visit GC Commission

A local unit of the national Citizens for Clean Air is being formed by Mrs. Jean Francis, who said today members will attend the Granite City Air Pollution Commission meeting next week to urge acceleration of its efforts.

Citizens for Clean Air include emphysema, heart disease and chronic bronchitis sufferers and parents of youngsters with asthma or allergies, Mrs. Francis said. With the city air commission in existence two years, and a half-day-a-week technical secretary employed for the past year, the CCA group will urge a major step-up in local air control, she added.

Fry Says Sewers Will End Basement Backups

"I support Saturday's sewer bond issue for four reasons," Sixth Ward Alderman Richard Fry told the Press-Record today.

"1. It will resolve the problems of raw sewage backing up into basements once and for all."

"2. This project will require federal inspections, so we can be sure of proper construction. There will be no construction failures like the Nameoki sewers."

"3. This plan takes care of Granite City residents only. Surrounding areas that might want to annex to the city would be required to provide and pay for their own sewers."

"4. This plan is greatly needed from a health and sanitary viewpoint, as each resident is well aware."

Social Concern Council To Meet Here Wednesday

Coordination of special summer activities and a report from the nominating committee will be among the principal topics discussed at the Quad-Cities Social Concern Council's luncheon meeting set for 11:45 a.m. Wednesday in St. Elizabeth Hospital's library.

David Walker, temporary chairman, said today that members are being asked to pass through the cafeteria lunch line at 11:45 a.m., preceding the normal noon rush hour period. Representatives from area social and service agencies comprise the council's membership.

Council Reorganization At Tonight's Session

The reorganization session for the Granite City council will be held at 8 o'clock this evening as the city starts its new 1967-68 fiscal year.

Aldermen elected in the April 4 election are to be sworn in by City Clerk Homer "Cal" Penetration.

The new aldermen are Earl "Fuzzy" Jarrett, who succeeds G. H. Sternberg in the Seventh Ward, and Emerald Daves, a former alderman, who will succeed Earl Thompson in the Eighth Ward.

Aldermen re-elected for new four-year terms are Charles W. controls.

Moerlen, First Ward; Samuel Whitmer, Second Ward; Clyde Boyd, Third Ward; Claude Green, Fourth Ward; Walter Nomm, Fifth Ward, and Gerald Parnley, Sixth Ward.

The agenda for tonight's meeting calls for a town board session in advance of the council. Coronaries will be conducted for the retiring aldermen and those taking office for new terms.

Action is to be taken on a letter from the Housing and Urban Development agency concerning selection of a metropolitan recorder and ordinances for traffic four-year terms are Charles W. controls.

Five Submit Bids For Appointment As County Coroner

Five persons, including two from Granite City, are seeking appointment as county coroner to succeed Dr. W. W. Billings of Alton, who is resigning the post.

The Madison county board of supervisors is expected to make the appointment at its May meeting later this month.

Current candidates for the job are Leonard R. Davis, Granite City funeral director and former mayor; Dr. E. W. Walton, Granite City chiropractor and a member of the board of education; Thomas J. Burke Jr., deputy coroner and an Alton funeral director; Dr. Edward Mulvill, Alton physician; and O. Carson Quinn, Alton funeral director.

Dr. Billings, coroner for the past 24 years, is 73 and gave his age and state of health as reasons for resigning the office, effective June 1.

He is supporting Burke for the appointment and his original resignation was made on condition that Burke would be appointed. However, State's Atty. Leon Scroggins informed him that the county board could not be bound by the condition.

The term expires in December 1968. Davis, who served as mayor for 16 years, said he plans to be a candidate for the office in 1968. Dr. Walton has contacted several members of the county board seeking support for the appointment.

The salary for the job is \$11,000 per year payable from fees derived by the office. However, it was only recently that such fees were sufficient to pay the full salary.

Vehicle Licenses From County 121,461 in '66

Registration of motor vehicles in Illinois during 1966 totaled 4,945,701, or 200,232 more vehicles than the 2,745,469 units licensed the year before, according to a report Tuesday by the office of Secretary of State Paul Powell.

The report shows that a total of 121,461 vehicles from Madison county were registered, accounting for \$2,324,264 in license fees. This was 2,312,971 of the total amount of \$126,462,500 in license fees collected by the state.

Madison county, the report shows, licensed 96,305 passenger cars, 134 taxis and ambulances, 13,698 trucks and buses, 1899 trailers and semi-trailers, 1899 motorcycles and scooters, and 166 dealer and intransit operators. The latter are listed as a single registration each.

St. Clair county registered 126,832 vehicles during 1966, according to the report, accounting for \$2,006,500 in license fees, or 2,378,951 of the state total.

Editor Asked To Conference On Foreign Policy

C. E. Townsend, editor and publisher of the Press-Record, has been invited by Arthur J. Goldberg, U. S. representative to the United Nations, to attend a regional Department of State Foreign Policy Conference on May 12 in Chicago.

The conference, Goldberg's letter of invitation said, is for leaders of local and state organizations and the news media from Illinois and Indiana. It is being co-sponsored by the Department of State, the Chicago Council on Foreign Relations and the International Visitors Center of Chicago.

Purpose of the conference, he said, is to enable citizen leaders to discuss U. S. foreign policy directly with senior officials of the State Department. Sessions will run throughout the day.

Appearing with Goldberg on the program will be Robert R. Bowie, Department of State counselor; Herbert Waters, assistant administrator for War on Hunger; Raymond Lisle, director for Eastern Europe, and Deane R. Hinton, director of the Atlantic Political-Economic Affairs. A speaker not yet announced will discuss "The Outlook for Peace and Development in Asia."

5 C. of C. Delegates At Washington, D. C.

Five representatives of the Tri-Cities Chamber of Commerce, including Howard W. Kaseberg, president, are attending the 53rd annual meeting of the U. S. Chamber of Commerce that opened Sunday in Washington, D. C., and will continue through Wednesday.

Mr. and Mrs. M. Freeman Wolfe and Mr. and Mrs. Chester L. Baker, who left Friday, were joined in Washington Sunday by Kaseberg, Howard Colquhoun, local C. of C. executive secretary, and Atty. Randall Robertson.

Included on the convention agenda is a major address by the Hon. Dean Rusk, U. S. Secretary of State, whose topic, "The Role of the United States in World Affairs" will be followed by a panel discussion moderated by David Schoenbrun, radio-television correspondent and several national legislators and key business officials also are scheduled to address the conference.

Attorneys Call Sewer Aid a Genuine Bargain

Two local attorneys today took a strong stand favoring passage of Saturday's sewer election.

Leo H. Konzen, first citizen appointed to the Granite Citys For Better Sewers organization, told the Press-Record, "Federal support for the cost of constructing sanitary and stormwater sewers is assured only if Saturday's vote indicates our willingness to match federal funds. 'A favorable vote is essential to our community.'"

Horace Calvo, bond attorney, said, "The crossroad for decisions for the growth and betterment of Granite City is at hand. 'We must have new sewers. We'll never be able to get them at more of a bargain than now. 'We'll never be able to get sewers at a lesser cost to home owners than the program which will be voted on Saturday.'"

Sewer 'Yes' Vote Seen As Vital to Residents

A druggist, grocery executive, businessman and light industry official today urged Granite Cityans to vote "Yes" Saturday for sewer improvements.

Paul Schuler of Midtown Pharmacy, president of the Granite City park board and an honorary chairman of Granite Cityans For Better Sewers, told the Press-Record, "I am definitely in favor of passage of the sewer bond issue. The city very much needs to separate its sanitary sewage and stormwater."

Al Barnes III of the City Grocery Co. said, "I think very strongly that this is a 'bargain day' value. We must take advantage of this now so that we don't lose the money being made available by the government."

Anthony E. Michel of Michel Jewelry and Gift Shop commented, "In my opinion, this is one of the greatest things that could happen to Granite City. This Saturday, May 6, we should all vote 'Yes.'"

Dale Arnette of the Arnette Pattern Co. said, "Our community is just not going to progress and become bigger unless we pass this sewer bond issue. We need to separate our sanitary and drainage lines so that the sewage treatment plant can handle the load. If we're for progress, we should vote for the sewer bond issue."

**TIRED OF RENTING A PLACE THAT ISN'T YOUR OWN?
BUY NOW, LIVE BETTER AND SAVE IN THE BARGAIN.**

You're renting a place to live. You're aware that renting is expensive, but you're waiting to buy.

You're aware that a typical 2-bedroom apartment costs more than \$150 a month, while you can buy a 3- or 4-bedroom \$24,000 home for a net cost of as little as \$117 a month.*

(Oops! You weren't aware of that much difference?)

Here's something else you may not have known. That \$24,000 home will increase in price more than \$1,000 a year for the next three years!

If you want to live in a \$27,000 home three years from now, buy it today when it costs only \$24,000. Or wait . . . and pay \$27,000 for it.

It's a good day for buying a home. Don't wait.

*based on 10% down payment and \$21,600 mortgage at 6 1/2% for 30 years; combined payment, interest, taxes, insurance and maintenance total \$264 a month; income tax savings based on 30% combined state and federal income tax bracket; and adding 4 1/2% interest that could be earned on the down payment.

Tight money? There's enough to go around. Let your realtor or builder get your mortgage for you.

Gray suits that tell white lies can create red faces. That's one of the many reasons proper lighting is important to the success of any retail business—whatever the merchandise.

Good lighting allows colors to be correctly seen, details to be more defined. Your customers see everything in its true light, enabling them to match and coordinate more confidently. Good lighting also puts them in a cheerful buying spirit that pays big dividends.

In Memoriam 33
In loving memory of HARVEY BARKER who passed away April 30, 1941:
Remembrance is a golden chain
Which links us to break but in vain.
To have, to love, and then to part
Is the greatest sorrow of one's heart.
The years may wipe out many things,
But this they wipe out never:
The memory of those happy days,
When we were all together.
Sadly missed by his family
and all who loved him.

Police and CYS Cooperate In Handling Juvenile Cases

Cooperative efforts between Granite City police authorities and the local staff of Coordinated Youth Services, a United Fund agency, provide an excellent working arrangement to help rehabilitate juvenile offenders and reduce the number of potential delinquents, it was pointed out here Thursday afternoon.

Aspects of the police department's role in working with juveniles was described by Sgt. Harry Mitchell, police juvenile officer, who addressed Optimists at their luncheon meeting in the YMCA.

Sgt. Mitchell was introduced by Detective Sgt. Joseph Nemeth, who presented a brief summary of the department's overall policies regarding minor-age offenders.

Since creation of a special division to handle juveniles, Sgt. Mitchell said the local police department has one juvenile officer on duty on a round-the-clock basis. He said, according to law, juveniles are classified as males, 17 years and under, and females up to 18 years.

Area Council PTA Elects Mrs. Polley as President

The annual election of officers of the Granite City Area Council PTA was held Thursday evening at Webster school.

Mrs. Robert Polley was named president, Mrs. Twila McKinney, vice-president; Mrs. Mary Church, secretary; Mrs. Elizabeth Stevens, corresponding secretary, and Lee Reid, treasurer.

Mrs. Polley has been a member of the Mitchell PTA for nine years and served as president of the organization in 1964. She was also Council secretary for two years and has held most offices and chairmanships. She has a son Michael, 13, a student at Prather junior high school, a fifth grader, Tracy, who attends the Mitchell school, and Billy, 6, a kindergarten pupil. On April 13, she was awarded an Illinois PTA life membership. This year she has served as ways and means chairman of her organization.

A. E. Menendez, the retiring president, called the meeting to order and Clyde Lee, Webster principal, welcomed the members and reported on the "helping hand" project under way at the school.

Relating to the January 1966 Juvenile Court Act, Sgt. Mitchell pointed out that a juvenile charged with a crime must be taken to county authorities in Edwardsville by local police within 48 hours of the arrest. In addition, the youth must be brought to trial within ten days and sentenced within an additional ten-day period.

Mitchell said the local police department now completes a complete social history of each juvenile offender, including information on his associates, acts and family life. He said since establishment of the Julet Diagnostic Center where records on all juvenile offenders are filed, local police officers in Illinois may now cross-check information relating individual cases by telephone.

Stressing the importance of making an effort to reach youngsters before serious delinquency occurs, the officer said that a teenager convicted of a crime and committed to a state or county institution costs the state approximately \$4000 per year during his confinement. "This

cost to the taxpayer is in addition to the high cost paid by the youngster himself in future jobs and possible disruption of family life," Mitchell said.

Both police officers made clear that local authorities lean heavily on Coordinated Youth Services staff members. "Most of the problems we encounter in supervisory needs, where a child is a problem as opposed to a juvenile delinquent, we turn the young-

ster over to the local CYS for help," Mitchell said. He added that some cases are referred for assistance to Catholic Charities and other local social service agencies.

Granite City Optimist members presented a 35mm film strip projector to CYS for use in their joint program with the police department. The equipment was accepted by C. A. "Bud" McMullan, CYS executive director.
